Formulary	Advantage		
$0 Preventive Rx Coverage	No charge		
Generic Substitution Program	Restrictive Generic Substitution – In addition to the coinsurance/ copayment, the member pays the difference between the brand and generic drug price (when there is a generic alternative) unless the physician requests the brand be dispensed.		
Extended Supply Network (ESN)	Members have the ability to obtain covered drugs for up to a 90 day supply at in-network retail pharmacies.		

Deductibles, coinsurance and copayments under this program are separate from any deductibles, coinsurance and copayments required under any other health benefits coverage you may have.
*Certain preventive contraceptives are required to be covered at no cost to you when filled at an in-network pharmacy with a valid prescription in accordance with Preventive Health Guidelines.

In-network providers and pharmacies agree to accept our allowance as payment in full—often less than their normal charge. If you visit an out-of-network provider or pharmacy, you are responsible for paying the deductible, coinsurance and the difference between the out-of-network provider's or out-of-network pharmacy's charges and the allowed amount. Out-of-network providers may balance bill the member. Some out-of-network facility providers are not covered. Deductibles, any differences paid between brand drug and generic drug prices, and any balances paid to out-of-network pharmacies are not applied to the out-of-pocket maximum. In certain situations, a facility fee may be associated with an outpatient visit to a professional provider. Members should consult with the provider of the services to determine whether a facility fee may apply to that provider. An additional cost-sharing amount may apply to the facility fee.
